This Book is About Nothing

I Don't Want To Read This Book meets *The Wall In The Middle Of The Book*

This book is about NOTHING! Zilch, zero, absolutely nothing. Rio is adamant that their story will be peaceful and uninterrupted. The only thing is ... more and more characters want to come into the book, leading to, of course, chaos!

From dragons with magician's hats to unicorns who can play the piano, this hilarious and colorful story has an important post-pandemic social message of making friends as an introvert and having fun with others.

MARCO ANDERSON is a 14 year old boy who was born in San Francisco, California. He now lives in **London** with his labradoodle, Hunter, and the rest of his family. Marco is an aspiring filmmaker and loves telling stories about everything! *This Book is About Nothing* is his first book.

ERICA SALCEDO is an illustrator based in **Spain**. Her previous books include *Kid Normal* by Chris Smith and Greg James, *All Bodies are Good Bodies* by Charlotte Barkla and *50 Times Football Changed the World* by Gary Lineker.

Features a “dual cover”.
The simple jacket cover
mimicing “nothing”
and under the jacket, a

“everything”.
